PRODUCT DETAILS

Solar Panel

- High efficiency.
- High transmission tempered glass.
- Durable anodized aluminum frame.

Battery

- 3.2V, low voltage design.
- With LiFePO4 battery, high safety, long life span.

Light Source

- With high efficiency LED.
- With 50000 hrs life span.

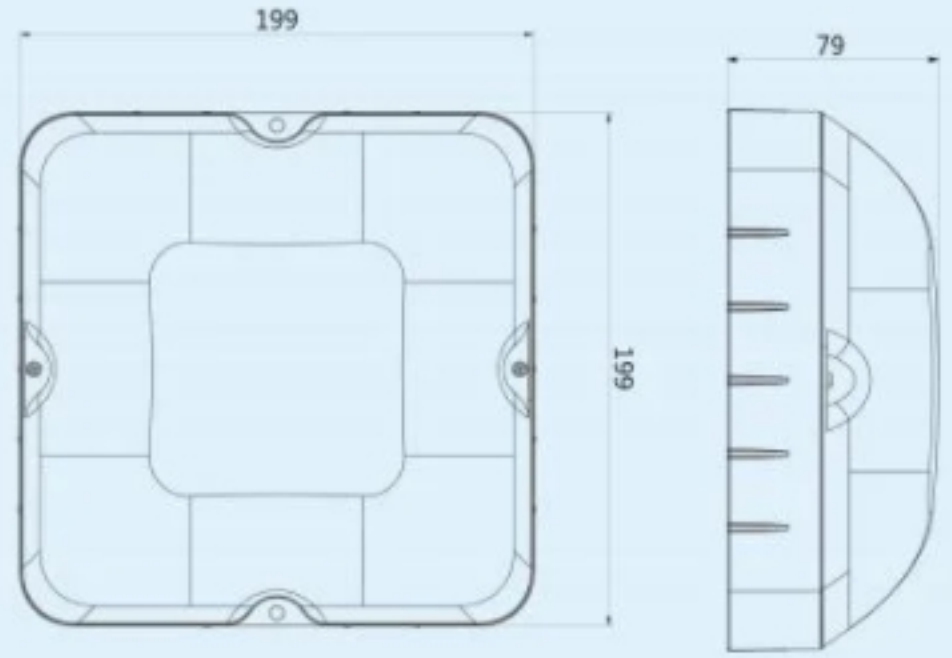

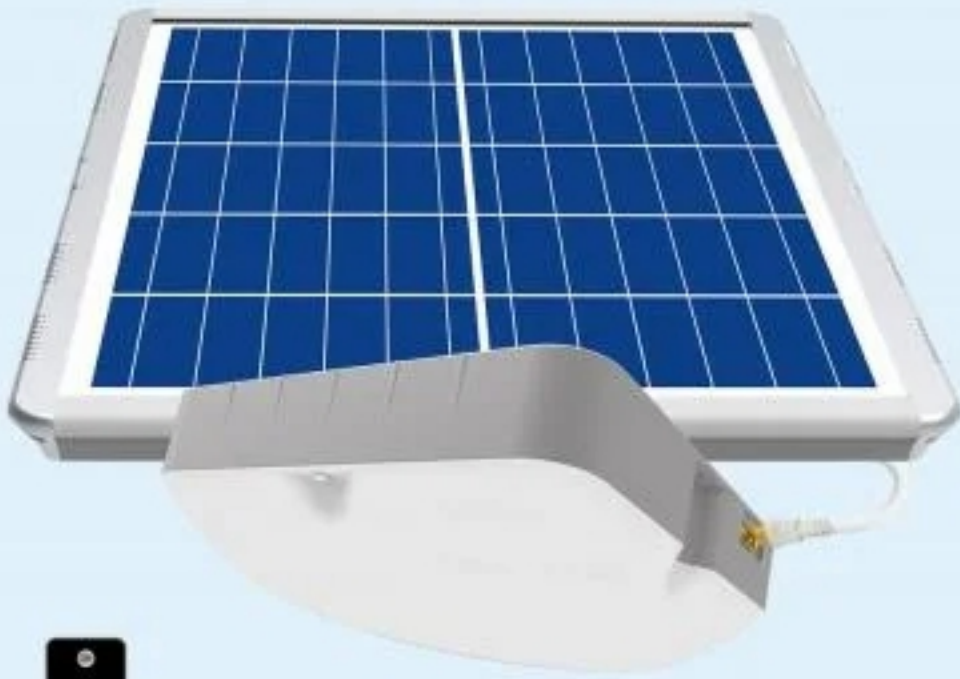

Outdoor Optical Lens

- With PC outdoor optical lens.
- High light transmittance.
- High temperature resistance and aging resistance.

Solar Ceiling Light

Remote-Controller

Unit: mm
